

## 2012 R/S League Fun Night Individual "Chicago".

We will be using the Sawmill scorecard and our League Rules will govern play.

Each group is responsible for keeping track of their scores, adjusting for handicap, converting to Chicago points and recording total Chicago score. Turn in ONE scorecard per group.

You will use your 9 hole handicap for today's match, which can be found on the backside of this sheet. (ex. If your handicap is 18, you will get two strokes per hole. If your handicap is 8, you will get a stroke on the holes with the corresponding 3 - 17 handicaps.)

**The following is all that should be on scorecard. Keep it simple and clean to expedite results!**

On your first line indicate your GROSS score and NET score as appropriate (gross score is actual score shot and net score is score after deducting any handicap from gross), also indicate your handicap in the HCP box. Ex: Player #1 your handicap is 10 and your actual score on hole #1 is 5, **record in single box "5/4"**, and if your actual score on hole #4 is 6, **record in single box "6/5"**, finally if your score on #7 is 6, **record as "6/4"**.

On your second line indicate the Chicago point value corresponding to your net score for each hole and indicate Chicago Score in the TOT box.

<b>Eagle = 8</b>	<b>Birdie = 3</b>	<b>Par = 1</b>	<b>Bogey = 0</b>	<b>Double Bogey = -1</b>	<b>Triple Bogey or higher = -2</b>
------------------	-------------------	----------------	------------------	--------------------------	------------------------------------

Continuing from example above, your Chicago score for hole #1 is 1, for #4 is 0, and for #7 is 1.
